Dear Faculty Members and students!
Amal Career Prep fellowship, is a 3 month intensive leadership program— developed out of Stanford University and in partnership with PEEF (Punjab Education Endowment Fund). The fellowship develop business and professional skills (communication, problem solving, interview skills, teamwork, and leadership) needed to secure and succeed in quality job.

Over the past 3 years, we've worked with nearly 700 students in our 3-month Career Prep Fellowship, developing their professional skills with over 85% of them receiving job/internship offer within 3 months of fellowship.

We are currently accepting applications and hoping to select about 500 students for our springsemester, and would be offering the fellowship classes at 5 locations in Lahore and Faisalabad (UAF). Final year, third year students or anyone looking for a job/internship is encouraged to apply. Applications are open at amalacademy.org/apply until 31 Jan 2017, and apply now to become part of growing #amal family.

Regards
Mehnaz Gul
