SUBJECT: PLEASE DONATE TO TRANSFORM PAKISTAN THROUGH EDUCATION OF RURAL MASSES

Dear Sir,

Greetings / AoA

I hope this letter finds you in the best of health and happiness. I am aware of your extremely heavy commitments however, the noble cause for which these lines are being written, has encouraged me to encroach upon your precious time. Professional and higher studies in Pakistan during the current years have become very expensive. In view of the increasing expenses day by day, it is becoming very difficult for the resource poor section of the society to educate their children. University of Agriculture, Faisalabad by default has intake of students from underdeveloped remote rural areas where the facilities present in big cities are just unknown. Under such circumstance, Financial sponsorship of deserving and meritorious students may help to create soothing impact on the community particularly the rural masses and bring a positive and healthy social change in the long run.

In our society where the number of families falling below the poverty line is very high, the need of financial help to students cannot be overemphasized. The UAF has established a Financial Assistance and Development Office with the objective of arranging financial resources from National and International donor agencies and disburse these amounts to the deserving and meritorious students after assessing their merit and needs.

I, on behalf of this establishment request your honour to support this program by contributing your generous donations using following bank details. You may also send your donations in the form of a Cross Cheque /Pay Order/ Demand Draft in favour of the Treasurer, University of Agriculture, Faisalabad.
