

# Directorate of I.T Resource Centre & Data Bank is offering HCNA (Routing & Switching) Training

## HCNA (Huawei Certified Network Associate)

<b>Awareness Session:</b>	First/Second week of March 2019 at University of Agriculture, FSD
<b>Registration Deadline:</b>	Second week of March 2019
<b>Training Start Date:</b>	Second week of March to Last week of April 2019
<b>Training Venue:</b>	Data Processing Lab (DPU), Faculty of Social Sciences, UAF
<b>Training Duration:</b>	40 hours
<b>Training Fee:</b>	Rs. 10,000/- (per participant)
<b>Certification exam:</b>	Last week of April 2019 (Free exam vouchers worth 200\$ for Ten Students)

**Note: Huawei Authorized Information and Network Academy (HAINA) is official regional Academy of Huawei (approved by HEC). Limited number of seats available. Registration on first-come-first served basis.**

### What is HCNA (Routing and Switching)?

HCNA Certification confirms the knowledge & skills of a person required for basic configuration and maintenance of small to medium-sized networks. With HCNA (Routing & Switching) certification, you demonstrate a basic understanding of small and medium-sized networks, including general network technologies, and the ability to assist the design of small and medium-sized networks, and implement the designs using Huawei routing and switching devices.

### Why Huawei Routers & Switches?

After the confirmation of information hacking by US and UK Governments, many national organizations in Pakistan took this initiative to switch all of their inter-network equipment to other Vendors. Network Equipment of Huawei Technologies is getting popularity due to strong company profile to overcome Security Concerns. Both Public sector and private sectors are migrating their Network Infrastructure to Huawei based Networking equipment.

### HCNA (R&S) curriculum includes, but is not limited to the following:

- Network fundamentals;
- Basic connection methods of popular networks;
- Basic network construction;
- Troubleshooting of common network faults;
- Installation and commissioning of Huawei routing and switching devices.

### Who Should Attend?

- Basic understanding of Computer functions (such as email, web browsers and etc).
- Some background in technologies suggested, but not required.

# Directorate of I.T Resource Centre & Data Bank is offering HCNA (Routing & Switching) Training

- Students of Computer Science, Information Technology, Electrical and Software Engineering with basic knowledge of Computer Networks.
- Corporate professional engineers (Network Administrators, Network Support Engineers etc) and Managers working in the area of Information Technology, Network Management, Maintenance, and Administration, etc.

## What is included in the fee?

- 40 hours of lectures through Huawei Certified Instructors.
- Computer Lab equipped with simulators and hands-on training on actual Huawei networking equipment.
- 10 HCNA free certification vouchers (worth 200 USD) for top students.
- Free training material.
- Huawei internship and job opportunities.
