

PLAN STUDY AT KOREAN UNIVERSITY IN SOUTH KOREA

Korea University, founded in 1905, is widely acknowledged as one of the country's oldest, largest and top-ranked universities. The university's academic breadth is extensive with 102 departments in 23 colleges and schools, 24 graduate programs, 130 research institutes, 33 auxiliary facilities, and medical facilities which include a teaching hospital. It has more than 1,680 full-time faculty members and 27,285 undergraduate and 10,208 graduate students. Korea University offers advanced master's and doctoral degrees spanning the humanities, social sciences, natural sciences and engineering. These programs share a number of distinctive and desirable features: a higher level of engagement between distinguished faculty members, outstanding students and a rich campus environment. Complementing and enriching these degree-granting programs are a wide range of interdisciplinary units that promote intellectual activities and research across departmental and divisional boundaries. KU is constantly seeking to create an environment for advanced cutting-edge research and state-of-the-art education to become a global leader and academic pioneer. The aim is to attract outstanding students from diverse cultural and ethnic backgrounds with the qualities of character and potential to help build an intellectually stimulating environment for student learning. So if you plan study abroad, please consider Korean University of South Korea also.
