

UAF EARNED 145th POSITION IN THE QS WORLD UNIVERSITY RANKING

University of Agriculture Faisalabad has made it to top 150 universities of the world by QS World University Ranking; the renowned agency involved in ranking best universities of the world on the basis of their performance in academic and employer reputation, citations per faculty, faculty student ratio, and proportion of international students and faculty. The QS has been producing authoritative, independent and global rankings since 2004 and continues to lead innovation in the ranking and evaluation of higher education institutions worldwide. All rankings are compiled by the QS Intelligence Unit in consultation with the QS Global Academic Advisory Board. Bibliometric data required in the citation score sections of the methodology is supplied by Scopus, part of Elsevier, the world's largest abstract and citation database of research literature. In 2011, the agency initiated the ranking by subjects in a comprehensive guide to a range of popular subject areas and now in its 3rd year, the rankings series reveals the top 200 universities in the world for 30 individual subjects.

UAF placed ahead of renowned universities of the world like University of Cape Town South Africa, University of Exeter UK, University of Manitoba Canada, University of New England, Bangor University UK, Bogor Agricultural University Indonesia, Curtin University Australia, University of Florence Italy, University of Canberra Australia, University of IOWA US, University of Kansas, and University of the Philippines.

More than 100 US universities have made them part of the list and the top three university tag remained with University of California Davis US, Wageningen University Netherland, Cornell University US. Further the list says that no Indian University could get place in the list of 200 top universities. It is worth mentioning that during the evaluation and analysis, The QS team evaluated 2,858 universities and ranked 678 institutions in total after making analysis of 68 million citations by applying 8391 verification programs.

In Pakistan, Higher Education Commission (HEC) also evaluated Pakistani Universities on the same certain parameters that made UAF number one University of the country with maximum score among the universities. The ranking is available on <http://www.topuniversities.com/university-rankings/university-subject-rankings/2013/agriculture-forestry>.

SEMINAR IN CONNECTION WITH INTERNATIONAL DAY FOR BIOLOGICAL DIVERSITY ON MAY 22

Pakistan has been ranked as the second country having the highest deforestation rate in the world. The loss of forest habitat and degradation of our land and water resources are serious issues leaving devastating impact on Pakistan's biodiversity and showing implications on the country's natural and agro-ecosystems. To create awareness and for better understanding of the relationship between water and Biodiversity, Water Management Research Center and Department of Irrigation and Drainage are jointly celebrating the international day for Biological Diversity on May 22, 2013 at 09:30 am in the New Senate Hall. All interested students are faculty members are cordially invited to attend the seminar for learning and sharing their thoughts.

SHIFTING OF DEPARTMENT OF CONTINUING EDUCATION

The Department of Continuing Education has recently been shifted in the building previously used by ORIC (Office of Research, Innovation and Commercialization, in the Faculty of Social Sciences. All the willing participants are informed to approach on its present address. Students can enjoy the facility of international courses like IELTS, Spoken English, German, French languages and Computer Short Course; in addition to so many other short courses in the field of Agriculture, Livestock and allied disciplines. PLACEMENT OF PhD THESIS FOR PEER REVIEW

PhD thesis of Mr. Noman Habib, Regd. No. 2003-ag-491, will be placed for peer review in the office of the Chairman Department of Botany from 15-05-2013 to 21-05-2013. The title of his PhD thesis is "Regulation of growth and some key physiological and biochemical attributes in salt stressed plants of rice (*Oryza sativa* L.) by exogenous application of nitric oxide".

PHD THESIS/SYNOPSIS DEFENCE

1. Mr. Muhammad Farooq Azhar, Regd. No. 97-ag-1671, a PhD student of the Dept. of Forestry, Range Management and Wildlife will defend his PhD thesis on 16-05-2013 at 11:00 am in the Video Conference Room, Faculty of Agriculture, UAF. The title of his thesis is "Ethnobotanical potential of medicinal shrubs in socioeconomic uplift of Cholistan rangeland dwellers". All interested persons are invited to participate.
2. Miss Marriam Zafar Regd. No. 2012-ag-13 a PhD student of CABB will defend her PhD synopsis at University level on 16 May, 2013 at 12:40 pm in the lecture room of CABB. The title of her synopsis is "Molecular and Biochemical studies of rhizobial strains to improve growth and yield of legumes".
3. Mr. Muhammad Aamir Iqbal, Regd. # 2005-ag-1801 a PhD student of the Dept. of Agronomy is going to defend his synopsis on 17-05-2013 at 09:00 am in the Laboratory of the Department of Agronomy. The title of his synopsis is "Forage yield and quality attributes under different planting times and spatial arrangements in sorghum-legumes intercropping systems". All interested are invited to attend.
4. Mr. Azhar Hussain, Regd. No. 2010-ag-531, PhD student of the Institute of Soil & Environmental Sciences will defend his synopsis in a seminar at the University level on 29-05-2013 at 02:00 pm in the Library of the Institute of Soil and Environmental Sciences. The title of his synopsis is "Comparative efficacy of KCl vs. K₂SO₄ blended or unblended with compost on growth & quality of crops and soil properties". All the faculty members are requested to attend the presentation.
5. Synopsis defense of Miss Saman Hina, Regd. No. 2006-ag-560, PhD Biochemistry, Department of Chemistry & Biochemistry, titled "Synergetic hepatoprotective prospective of herbal mixture in hepatocellular carcinoma cell lines" will be held on 23-05-2013 at 12:15 pm in Biochemistry Laboratory. All interested are invited to attend.
6. Miss Sundas Shahzad, Regd. No. 2003-ag-1503, PhD student of the Department of Plant Breeding and Genetics will defend her PhD synopsis in the Postgraduate Laboratory of the Department of PBG on 30-05-2013 at 12:00 pm as required under the rules. The title of her synopsis is "Genetic diversity analysis using SSR markers for sugarcane plant improvement". All the teachers and students concerned are requested to attend and contribute towards the improvement of the synopsis.
7. Mr. Noshair Khan, Regd. No. 84-ag-1179, PhD student of the Department of Plant Breeding and Genetics will defend his thesis in the Video Conference Room on 03-06-2013 at 02:15 pm. All concerned are requested to make it convenient to attend and contribute for improving the thesis. The title of his thesis is "The potential of breeding upland cotton for heat tolerance".
8. Miss Saba Riaz, Regd. No. 2004-ag-292, student of PhD Biochemistry, Department of Chemistry and Biochemistry will re-defend her synopsis titled "Molecular interaction and gene expression pattern of CPSF subunits and differential display analysis under fungal induction in tomato" on Friday May 31, 2013 at 11:30 am in the biochemistry Lab of the Department. All the interested ones are invited to attend.
9. Mr. Asim Mehmood, Regd. No. 2006-ag-324, PhD student Institute of Horticultural Sciences, UAF will defend his PhD thesis at University level in Video Conference Room, Faculty of Agriculture on 23-05-2013 at 11:00 am. The title of his thesis is "Physical biochemical and molecular profiling of guava (*Psidium guajava* L.) germplasm".
10. Mr. Muhammad Nadeem, Regd. No. 1996-ag-1567, a PhD student, Department of Agronomy, will defend his PhD synopsis on 24-05-2013 at 02:00 pm in the Department of Agronomy, UAF as suggested by the Supervisory Committee. The title of his synopsis is "Alternanthera philoxeroides interference and control studies in maize". All interested persons are invited to participate.
11. Mr. Sajid Mahmood, Regd. No. 2006-ag-2096, PhD student of the Inst. of Soil and Environmental Sciences will defend his synopsis in a seminar at the University level on 27-05-2013 at 02:00 pm in the Library of the Institute. The title of his synopsis is "Multi-strain inoculation for sustaining the productivity of maize in reduced water conditions". All the faculty members are requested to attend the presentation.
12. Synopsis defense of Miss Raheela Shaheen, Regd. No. 2006-ag-375, PhD Biochemistry, Department of Chemistry & Biochemistry, titled "Hyperactivation and thermostability enhancement of LiP from *Ganoderma lucidum* through different immobilization techniques" will be held on 23-05-2013 at 11:45 am in Biochemistry Laboratory. All interested are invited to attend.
