DICE INVENT 2014 WORKSHOP AT UAF ON 12-MAY, 2014

Innovation promotion will lead to a culture of new ideas, methods, processes, and business models followed by the entrepreneurial journey of opportunity recognition, evaluation, customer acquisition and growing the organization. With the combination of innovation and entrepreneurship along with the resultant synergy that is thus created can help to establish an ecosystem in the country which can help reap the citizen's not just economic benefits but will also benefit the society at large by creating entrepreneurs that are socially, ethically and environmentally aware. In this regard, DICE-INVENT 2014 is an Innovation and Entrepreneurship driven Business Startup Training Program. The training will give a head start to the next generation of innovators and entrepreneurs; bridge the industry-academia gap, promote inter academia collaboration; and in general; promote innovation and entrepreneurship. The aim of this event is to foster the culture of Innovation and Entrepreneurship in the country for which this year the event is being held with the theme; "Startups Today: Enterprises Tomorrow". As part of this event, they will conduct a one day workshop in the UAF on Monday May 12, 2014 at Video Conference Room, UAF. In the workshop the objective is to train students from all categories & career paths on how to commercialize their products/services. Students and faculty members are encouraged to participate in this event.

PLACEMENT OF PhD THESIS FOR PEER REVIEW

Mr. Salman Saleem, Regd. No. 2008-ag-691, PhD student of the Department of Plant Breeding and Genetics has placed his PhD thesis entitled "Genetic behavior of morpho-physiological traits in different generations of wheat under normal and water deficit environments" for Peer Review in the Library, Department of Plant Breeding and Genetics on 07-05-2014 for one week. The faculty and the students are invited to peruse the thesis for any corrections and improvement.

PhD THESIS/SYNOPSIS DEFENSE

1. Miss Annum Sattar, Regd. No. 2007-ag-2088, PhD student of the Institute of Soil and Environmental Sciences will defend her synopsis in a seminar at the University level on 14-05-2014 at 02:00 pm in the Library of the Institute of Soil and Environmental Sciences. The title of her synopsis is "Potential of Agriculture Waste Materials for the Biogas Production through Co-digestion Process". All the faculty members are requested to attend the presentation.
2. Mr. Muhammad Faisal Bilal, Regd. No. 2004-ag-2022, a PhD student, Department of Agronomy, will defend his PhD thesis on 26-05-2014 at 11:00 am in the video conference room, Faculty of Agriculture, UAF. The title of his thesis is "Evaluating transgenic Bt cotton (*Gossypium hirsutum* L.) under different management practices". All interested persons are invited to participate.
3. Mr. Salman Saleem, Regd. No. 2008-ag-691, in the Department of Plant Breeding and Genetics has successfully defended his PhD thesis on 12-04-2014. The title of his thesis was "Genetic behavior of morpho-physiological traits in different generations of wheat under normal and water deficit environments".
4. Mr. Muhammad Asaad Bashir, Regd. No. 2006-ag-1361, PhD student of the Institute of Soil and Environmental Sciences will defend his synopsis in a seminar at the University level on 12-05-2014 at 02:00 pm in the Library of the Institute of Soil and Environmental Sciences. The title of his synopsis is "Impact of biochar to reduce uptake of chromium in maize grown in tannery polluted soil". All the faculty members are requested to attend the presentation.
5. Mr. Imran Rashid, Regd. No. 2004-ag-1114, PhD student of the Institute of Soil and Environmental Sciences will defend his synopsis in a seminar at the University level on 08-05-2014 at 02:00 pm in

the Library of the Institute of Soil and Environmental Sciences. The title of his synopsis is "Organic matter-metal-microbe dynamics in sewage sludge and sewage sludge-amended soils". All the faculty members are requested to attend the presentation.

6. Mr. Imtiaz Ali, Regd. No. 2001-ag-1225, PhD student of Department of Plant Breeding and Genetics will defend his PhD thesis in the video conference room on 09-05-2014 at 10:00 am. All concerned are requested to make it convenient to attend and contribute for improving the thesis. The title of his thesis is "Genetic basis of variation for quantitative traits related to boll, seed cotton yield and fiber quality in *Gossypium hirsutum* L."
7. Mr. Muhammad Mazhar Hussain, Regd. No. 2004-ag-1397, PhD student of Department of Plant Breeding and Genetics will defend his PhD thesis in the video conference room on 09-05-2014 at 12:00 Noon. All concerned are requested to make it convenient to attend and contribute for improving the thesis. The title of his thesis is "Genetics of heavy metal tolerance in *Solanum lycopersicum* L."
8. Miss Rehman Gul, Regd. No. 2007-ag-2042, PhD student of the Institute of Soil and Environmental Sciences will defend her synopsis in a seminar at the University level on 14-05-2014 at 02:00 pm in the Library of the Institute of Soil and Environmental Sciences. The title of her synopsis is "Bioremediation of heavy metals contaminated soil by using organic and inorganic amendments". All the faculty members are requested to attend the presentation.
9. Miss Humera Aziz, Regd. No. 2007-ag-2045, PhD student of the Institute of Soil and Environmental Sciences will defend her synopsis in a seminar at the University level on 14-05-2014 at 02:00 pm in the Library of the Institute of Soil and Environmental Sciences. The title of her synopsis is "Assessment of organic contaminants in agricultural soils amended with sewage sludge". All the faculty members are requested to attend the presentation.
10. Mr. Muhammad Yahya Khan, Regd. No. 2005-ag-1311, PhD student of the Institute of Soil and Environmental Sciences will re-defend his synopsis in a seminar at the University level on 14-05-2014 at 12:15 pm in the Library of the Institute of Soil and Environmental Sciences. The title of his synopsis is "Comparative efficacy of single-, co- and multi-strain inoculation for improving growth and yield of wheat under salinity stress". All the faculty members are requested to attend the presentation.
11. Miss Hina Javed, Regd. No. 2007-ag-2102, PhD student of the Institute of Soil and Environmental Sciences will defend her synopsis in a seminar at the University level on 15-05-2014 at 02:00 pm in the Library of the Institute of Soil and Environmental Sciences. The title of her synopsis is "Potential of compost and plant growth promoting rhizobacteria for biofortification of Iron and zinc in wheat". All the faculty members are requested to attend the presentation.
12. Mr. Muhammad Shahid Naseer Yazdani, Regd. No. 2006-ag-1562, PhD student of the Institute of Soil and Environmental Sciences will defend his synopsis in a seminar at the University level on 13-05-2014 at 02:00 pm in the Library of the Institute of Soil and Environmental Sciences. The title of his synopsis is "Interactive effect of sulphur with nitrogen and potassium for maximizing growth, yield and oil content of canola in biochar amended soil". All the faculty members are requested to attend the presentation.
13. Mr. Muhammad Shakar, Regd. No. 2003-ag-1619, PhD student of the Institute of Soil and Environmental Sciences will defend his thesis in a seminar at the University level on 17-05-2014 at 02:30 pm in the Video Conference Room, Institute of Soil and Environmental Sciences. The title of his thesis is "Effect of coated calcium carbide on growth, yield and some morpho-physiological characteristics of cucumber (*Cucumis sativus* L.)". All the faculty members are requested to attend the presentation.
14. Mr. Shahid Iqbal, Regd. No. 2004-ag-1366, a PhD student, Department of Agronomy, will defend his PhD thesis on 17-05-2014 at 11:00 am in the Video Conference Room, Faculty of Agriculture, UAF. The title of his thesis is "Evaluating different nitrogen sources for sustainable production of autumn maize (*Zea mays* L.)". All interested persons are invited to participate.
15. Hafiz Muhammad Bilal, Regd. No. 2007-ag-1942, PhD student of the Institute of Soil and Environmental Sciences will defend his synopsis in a seminar at the University level on 13-05-2014 at 02:00 pm in the Library of the Institute of Soil and Environmental Sciences. The title of his synopsis is "Characterization of indigenous wheat genotypes for phosphorus efficiency". All the faculty members are requested to attend the presentation.
16. Mr. Muhammad Raheel Regd. No. 2003-ag-1819, a PhD student of the Department of Plant Pathology, has successfully defended his thesis at University level on 02-05-2014. The title of his
