LECTURES THROUGH VIDEO CONFERENCE

1. Mr. Faiz-ul-Hassan, Lecturer Department of Animal Breeding & Genetics will deliver a lecture about his short term training at Newcastle University UK funded by FDTTPC (UAF) on the topic "QTL detection for economic traits in cattle" at Video Conference Hall on February 15, 2010 at 11.00 am. The lecture will be of interest for researchers who are working in the field of animal genetics.
2. Mr. Muhammad Imran Khan, Lecturer, Department of Mathematics and Statistics, UAF will deliver a lecture about this short term training funded by FDTTPC, UAF on the topic "Dealing with the analysis of microarray data (Multivariate Biological Data set)" at Video Conference Hall on February 15, 2010 at 11.30 am. The lecture will facilitate the researchers who are working in the allied disciplines such as computer science, statistics, and molecular biology to work in an integrated manner and develop new insights for microarray data analysis.

SITUATION VACANT

1. Applications are invited for the post of Research Associate in an HEC funded project titled "Isolation, cloning and expression of novel antimicrobial genes from medicinal plants" on consolidated pay Rs. 13000/- per month. One Research Associate with minimum qualification as M. Phil Biochemistry (will have to enroll if not, preferably, PhD biochemistry program in the Dept.). Preference will be given to the candidates having research experience on DDPCR from plants.
